Aleksei Terin

ABOUT ME

I am a student passionate about all kinds of tech, ranging from web development to machine learning to competitive programming - all of which I've dabbled in. My strongest soft traits are my ability to learn fast, as well as to effectively communicate with others. As of now, I am looking to apply the well-rounded skillset I've developed over the years in a professional setting.

SKILLS

Front-end (HTML5, React.js)

Python (data analytics)

Java

C#/C++

Adobe Suite (Photoshop, Illustrator, etc.)

Version control (Git)

Linux management

Cloud services (Azure)

WORK EXPERIENCE

Nordea (TET 2020)

A week of work during which I created learning material about entrepreneurship and appeared on Nordea media and national TV.

Slush 2022

Throughout the Slush week, I volunteered in the Partnership Chambers where I got to interact with many of the largest companies' officials.

Rovio

After winning first place in a Nexus hackathon, my team and I were awarded with a day at Rovio HQ during which we were integrated into the process of creating and testing games.

EDUCATION

Ressu Comprehensive School (Ressun pk)

Academic GPA 10.0

Helsingin Suomalainen Yhteiskoulu (SYK)

First-year GPA 9.98

IB1 42/42
