Aleksei Terin

ABOUT ME

I am a student passionate about all kinds of tech, ranging from web development to machine learning to competitive programming - all of which I've dabbled in. My strongest soft traits are my ability to learn fast, as well as to effectively communicate with others. As of now, I am looking to apply the well-rounded skillset I've developed over the years in a professional setting.

SKILLS

Front-end (React.js, HTML5)

Back-end (Node.js, Express, MongoDB)

Cloud development (Azure)

Python (data analytics)

Java

C#/C++

Version control (Git)

Adobe Suite (Photoshop, Illustrator, etc.)

HOBBIES

Competitive programming
2x Datatähti finalist
Debates
WSDC Team Finland member
Calisthenics
Guitar
Pen spinning

LANGUAGES

English

Finnish

Swedish

WORK EXPERIENCE

Copa 2023-
Over a year of solo developing a full-stack (MERN) web application to ease the organization of in-school football tournaments for SYK. I learnt to work with things like user authentication, deployment flows and integration tests. Learn more on my GitHub page.

Rovio 2023
After winning first place in a Nexus hackathon, my team and I were awarded with a day at Rovio HQ during which we were integrated into the process of creating and testing games.

Slush 2022
Throughout the Slush week, I volunteered in the Partnership Chambers where I got to interact with many of the largest companies' officials.

Nordea 2020
A week of TET work during which I created learning material about entrepreneurship and appeared on Nordea media and national TV.

EDUCATION

Ressu Comprehensive School (Ressun pk)
Academic GPA   10.0

Helsingin Suomalainen Yhteiskoulu (SYK)
First-year GPA   9.98
IB1   42/42
IB2   41/42

*I study computer science as part of IB at SYK
